Subject: RE: BCP Ingredients, Inc. - Initial Response to Section 114 Request received August 19, 2011

Brittany: We were able to download the documents and are in process of reviewing. We did notice that we inadvertently requested a document for a process that had already been provided. We requested the Process Hazard Analysis for process 1000114873 which had already been provided. However, we intended to request the PHA for 1000114872, which is the EtO Drum Storage. This was noted in the inspection report as not being available at the time of inspection. Can BCP provide the PHA for 1000114872 (EtO Drum Storage) within 15 days? Please let me know if you have questions.

We intend to respond to your comments on the AOC later this week.

Regards,

Sara Hertz Wu

Subject: BCP Ingredients, Inc. - Initial Response to Section 114 Request received August 19, 2011

Sara and Lorenzo:

Attached please find the transmittal to BCP's response to the initial response to the Section 114 request that was uploaded this afternoon along with a screenshot of the upload. Will you please confirm the documents were received on your end? If you have any difficulty with the documents, please let us know. You will note that BCP claims most of the responsive documents confidential business information. A justification is submitted with the transmittal letter. If you have questions or concerns, please let us know. I hope you both have a nice Labor Day weekend. Thank you.

Brittany

Subject: File Request Link
Message: Mr. Koss, Attached to this e-mail should be the link to the new site where your documents can be uploaded.
Thank You,
Lorena Sena

Mr. Koss,

Please confirm receipt of the attached cover letter and zip file containing 22 documents. Please note that BCP Ingredients, Inc. is not waiving any claims of confidentiality by electronic submission of the documents and has provided a CBI substantiation simultaneous to submitting the documents.
